

≈ MONTH OF THE PROJECT

PARTNERS AND INSTITUTIONAL SUPPORT:

At different stages of the project we are supported by our regular friends and partners - Second Home IF, Stoliari, Urban Curators, Critical Thinking, Raumpioniere, BUR, Korydor Foundation, Parasolka Open Workshop, Morshynska.

During this time, we also received financial support from IM Swedish Development Partner and MitOst.

WHAT DID WE DO?

The building of the old university dormitory has been empty for a long time. Therefore, we first replaced electricity and plumbing there.

Then we completely renovated and furnished 16 rooms on the 4th floor, and later moved on to the rooms on the other floors. We have also renovated four kitchens, eight bathrooms, the dining room, showers, coworking, entrance area and yard.

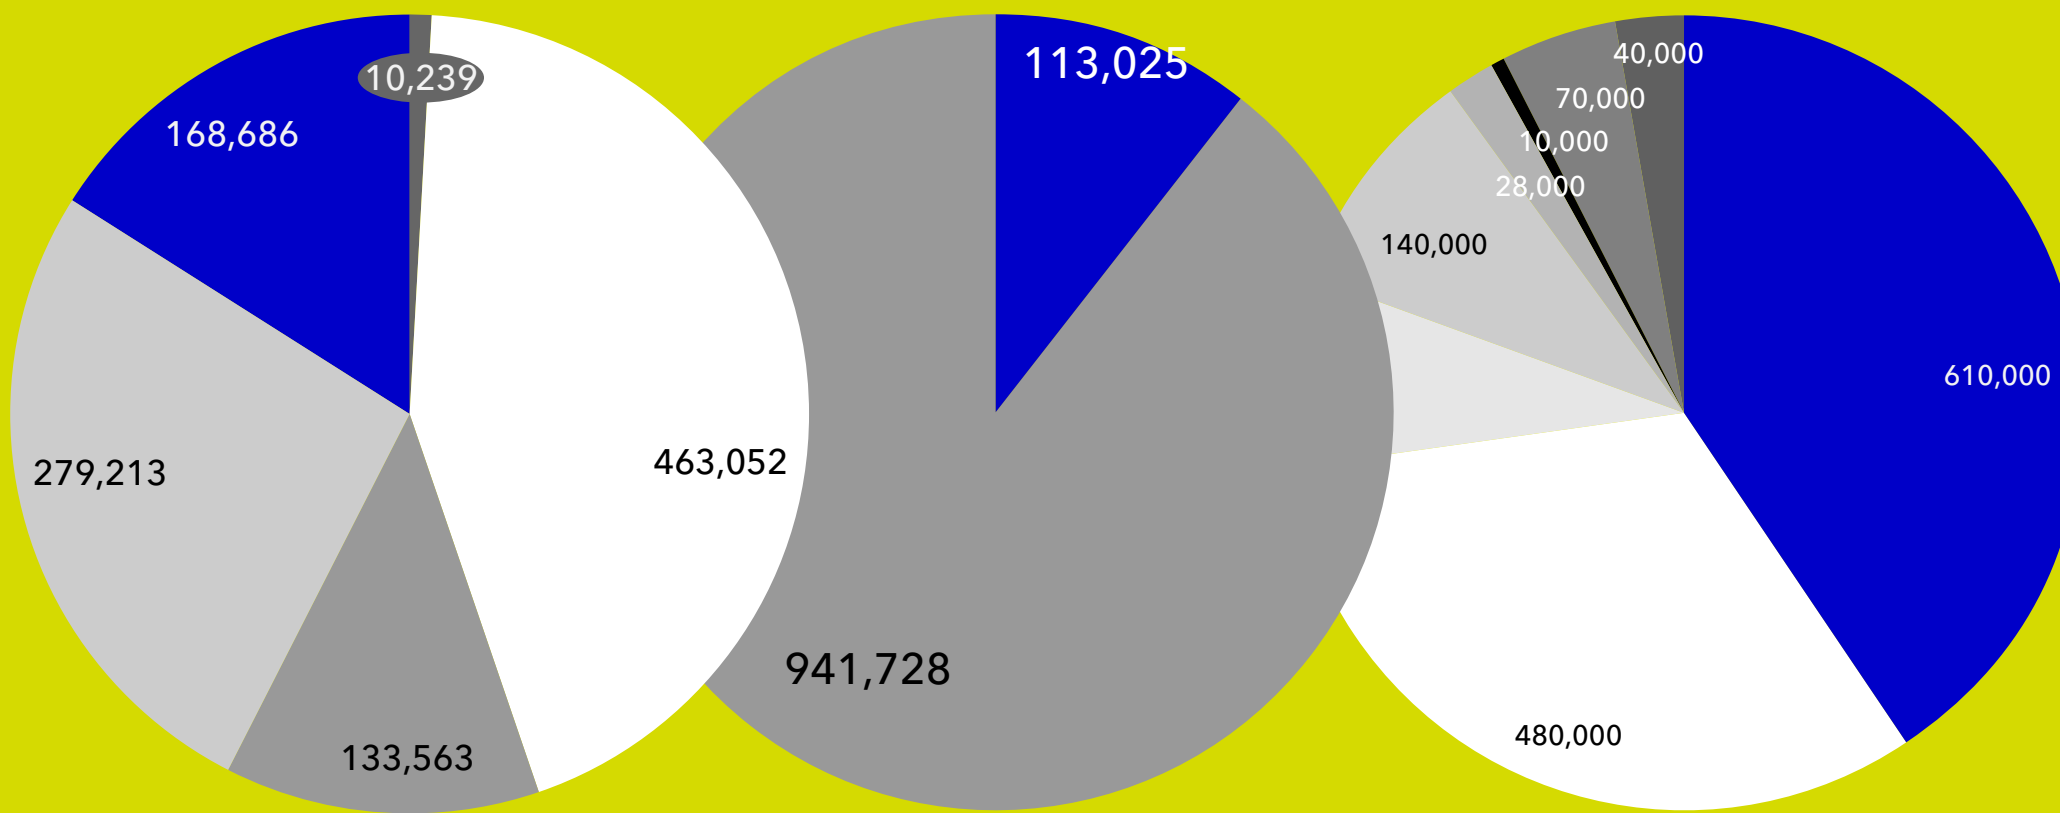

IN PRIVATE AREA, WE:

- removed the old paint and wallpaper
- painted walls and ceilings
- designed and manufactured new furniture - metal shelves, beds, tables
- put carpeting in all rooms - a total area of about 500 sq.m

IN COMMON AREAS, WE:

- made wooden kitchen furniture for all kitchens
- equipped kitchens with basic appliances
- made street furniture at the entrance to the dormitory
- designed and built a wooden platform in the lobby for future get-togethers of residents
- made four wooden tables for the coworking space
- replaced plumbing, installed curtains, wooden platforms, benches and hangers in the showers.

PEOPLE

≈ 100 VOLUNTEERS

CO♥HATY

**CO-HATY IS NOT JUST ABOUT RENOVATING A DORMITORY.
THIS IS ABOUT PEOPLE.**

Every day we are joined by about 20 volunteers not only from Ivano-Frankivsk but also from other cities - Kyiv, Kharkiv, Odessa, Dnipro, Mykolayiv. All of them have different backgrounds. Everyone has their own stories, unique experiences. But now they are united by one thing - the desire to help create comfortable housing for migrants, for those who have lost their homes.
